

Our Mission

“We empower youth to reach their full potential as responsible, caring and productive citizens through professionally led programs and activities that are fun, positive and relevant in a safe, supportive and healthy environment.”

Club Hours:

Winter Semester
Monday — Friday
3:00 pm — 7:00 pm

Attention Parents:

Welcome to the Boys & Girls Club of the Redwoods. We are excited to have your child as a member of our Club! Please remember that this is an open door facility, as we serve youth between the grades 6th-12th — If you do not want your child to leave after they arrive, please inform the front desk staff.

Programs this Winter:

Gardening Club - This program will teach members to tend to and cultivate their own sustainable gardens. They will discuss seasonal plants and vegetables.

Eco Club - The Teen Center is proud to partner up with the Eco Club! Members use research to analyze ecological problems within their communities and work to amend them.

Bike Club - Starting in January, the Teen Center will be working with the SRTS (Safe Routes to School) Program to bring awareness to members about bike safety especially in regards to traffic. Members will eventually be taken on bike rides through the various beautiful trails in McKinleyville.

Safe Zone - An LGBTQ focused program that will give members a space to discuss gender identity and attraction, and any issues they may face growing up as LGBT youth.

STEM Program - The Teen Center is proud to be starting up it's own STEM (Science, Technology, Engineering & Math) Program this winter!
